

IAGTO EUROPEAN CONVENTION 2026 · B2B PRESS KIT

BARCELONA'S GOLF COURSE. BUILT FOR EVERY PLAYER.

18 holes 30 minutes from Barcelona, on a unique estate where water, light and openness serve the joy of the game.

WELCOME

A DIFFERENT KIND OF GOLF.

Premium golf at the service of the player.

La Roca Golf sits on a unique estate at the heart of the Vallès Oriental, 30 minutes from central Barcelona, with broad availability for tour operator groups and bookings. Eighteen flat, sunny and generous holes — a Par 71 with five homologated tees from 1 to 5 — set in a natural environment where water, light and native vegetation share the course with the game.

Here hazards are at the service of the player: they're markers, not barriers. Wide fairways forgive a stray shot and reward recovery, full visibility builds confidence from the tee, and the course's natural rhythm does the rest. As we say at the club: every shot here is an opportunity, not a sentence.

FROM BARCELONA

THE COURSE

A UNIQUE ESTATE. COMFORTABLE, STRATEGIC. FIVE TEES. FIVE EXPERIENCES.

Five homologated tees, 1 to 5, with 1,500 metres of difference in total length between the first and the last. The same hole is a demanding test from tee 1 and a comfortable par from tee 5. It's not a concession to the less experienced player: it's a course philosophy. A beginner and a scratch player can play the same round, in the same group, and both walk off with a story to tell.

Par 71 · 5 homologated tees · 9 pin positions

Wide fairways, with the line of play always visible from the tee

Compact and quick

Sustainability and integration with the natural environment guide every decision we make

Newly rebuilt bunkers · 90 L/m² drainage documented, playable after rain

TRAINING CENTRE

A COMPLETE TRAINING CENTRE.

Fifty thousand square metres devoted to practice. Driving range, approach, putting, chip-and-run, and a short-game area with three greens. Everything a player needs to warm up before the round or stay after it.

Covered and open-air driving range, plus new technical synthetic and natural-grass Tee Lines

TopTracer Range — real-time ball tracking

Swing lab with TrackMan 4 · fitting and clubmaking

Available for groups travelling with their own Pro

Tournament-grade putting green, approach and chip-and-run · short-game area with three greens

Technogym fitness room with golf-specific programmes

Night lighting all year round

MORE THAN THE ROUND

THE CLUBHOUSE.

Open, light-filled spaces. Intuitive layout.

The clubhouse isn't just where you drop your clubs at the end. It's where the day rounds out: a comfortable lounge with armchairs, a dining room overlooking the course, a terrace to talk at ease. With every service you'd expect:

Rental of buggies, single-seat scooters, electric and push trolleys, and clubs

Pro shop with leading brands

Digital code-access lockers

Restaurant-snack bar, with glass-fronted dining room and outdoor terrace

LOCATION

HALFWAY BETWEEN.

Right off the motorway that connects Barcelona with the Costa Brava and the two main Catalan airports. Thirty minutes to the city centre, thirty to Camiral — host of the 2031 Ryder Cup — and a step from the La Roca Village outlet. A location designed to combine the round with everything else on the trip.
